Re: 21 NCAC 64 .1003 – Supervision of Speech-Language Pathology Assistants

Members of the Commission:

I request that 21 NCAC 64 .1003 be reviewed in the upcoming legislative session as set out in N.C.G.S. § 150B-21.3. I further request that the rule be subject to a delayed effective date as set out in that same provision.

This proposal has been established utilizing therapeutic codes and reimbursement rates that will be null and void on January 1, 2027, which will influence scheduling and management of proposed practices within a very narrow window of establishment. In addition, the proposal is antiquated in its structure and does not take advantage of the numerous supervision activities that are in effect and are utilized at this very time.

Thank you for your consideration.
