Hi Bill,

I did, and our General Counsel has interpreted the last sentence of 75A-15 (b1), in conjunction with section (a), as giving the Commission authority to designate an agency to place or maintain markers. If this is not your interpretation, please just let me know so we can decide how to proceed. And if that is the case, would it be possible for us to have another day or two to decide what we'd like to do?

Thanks,
Carrie

Thank you for your email.

Good afternoon Carrie,

Respectfully, I disagree with your counsel's interpretation of G.S.75A-15(b1). The second sentence of (b1) limits the authority of the WRC to enforce the rules adopted thereunder to areas where the public is put on notice by the placement and maintenance of regulatory markers. It does not expand the authority of the WRC to require other agencies to place and maintain those makers.

Please let me know your intentions by COB Tuesday.

Thank you and have a good weekend.

Hi Carrie,

Thank you for responding in a timely manner.

On line 22, does not Paragraph (a) include Parts (a)(2)(A) through (C)? If so, why not simply say “described in Paragraph (a)”?

Line 25: The WRC is describing “North Carolina State Parks” as an agency in Line 23. There is no such agency. If I am wrong, cite me to the statute creating the same. If the WRC is not regulating the NC Division of Parks and Recreation, what “agency” is it regulating?

Line 25: While an agency can “agree” to be the designated for the purpose of placement and maintenance of regulatory markers, the WRC cannot unilaterally require an agency to do the same by administrative rule. On Line 23 the WRC is requiring agencies to place and maintain markers. The WRC does not appear to have the authority to require those agencies to do the same.

Please respond by March 6.

Thank you and have a good weekend.
