Subject: RE: Temporary Rule 15A NCAC 10F .0304 - Request for Changes

Hi Carrie,

Great, then I don't have any concerns and believe I can recommend approval at the October meeting. I'll have the map posted to the agenda as well.

Thanks,
Brian

Hi Brian,

I apologize, that was an error. The temp rule was to be filed for the October 30th meeting.

Regarding your question about the makers. No wake markers are regulatory markers. For the restricted area at White Lake, there would not be a no wake marker because it's not a no wake zone, there would be a restricted area marker, which is just another type of regulatory marker.

Information and Regulatory Marks

These orange-and-white Aids are used to alert vessel operators to various warnings and regulations.

Symbol	Meaning	Examples
	Danger A diamond shape alerts boaters to hazards	 
	Restricted Operations Marks with a circle indicate areas with regulated operations	 
	Exclusion A diamond shape with a cross means boats are prohibited from the area	 
	Information Marks with a square provide helpful information such as directions, distances, and locations	 

I have also attached a map of the restricted area for your Commissioners. Please let me know if you have any other questions.

Thank you,
Carrie

Carrie,

I've reviewed the rule, and my only question is to the post publication change you made in (a)(1). Is there a substantive difference between a "no-wake marker" and a "regulatory marker"?

Since I have no further questions, I'll let this email stand as my "request for changes" for this Rule. If you could get back to me by the end of the week, that'd be great.

Thanks,
Brian

Subject: Temporary Rule 15A NCAC 10F .0304

Hi Carrie,

I've been assigned this temporary rule, which was just filed this morning. In the email we received, WRC is asking for this rule to be reviewed at the November 26, 2024 RRC meeting. As you're aware, we're required to review temporary rule filings within 15 business days of receipt, so there's no way we could comply with that request. I'm ready to review the rule, and I think we can get it done for the October 30, 2024 meeting, but if it really is your intention to wait for November, I think you'll have to withdraw the rule and refile within 15 business days of November 26, 2024.

Let me know what you'd like to do here, and in the meantime, I'll start looking at the rule.

Brian
